

Concept et fonctionnement

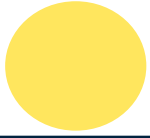

- Ces fiches peuvent être réalisées en **autonomie** par les élèves.
- Ce sont des activités en **arts plastiques**. Elles font partie des "Activités de Réussite Basées sur le Réinvestissement des Elèves" (ARBRE) qui peuvent être mises en place facilement en classe dans les différents domaines d'apprentissage.
- Au fur et à mesure du fichier, la **difficulté** des dessins augmente : moins de guidage, consignes libres pour des dessins plus créatifs et imaginatifs, ajouts de zones de texte pour lier la production d'écrits, etc.
- En arts plastiques, le **but** n'est pas de bien dessiner mais d'oser s'exprimer par le dessin, en s'impliquant et en se laissant guider par ses émotions, son projet.
